ELOPEMENT GUIDE 2023-24

CLIENT LOVE

“I seriously can’t say enough amazing things about Lauren and her photography. Not only is she one of the sweetest people alive, but her work is phenomenal. Her portfolio really speaks for itself. She did my engagement and wedding photos and I’m obsessed with them! They came out so beautifully and I’ve had lots of compliments as well. She really takes time to understand what you’re looking for and also makes great suggestions without feeling overly posed during your sessions. I’ll be hiring her for so many other things in the future and highly recommend that you do too!”

My background experience has always been in the arts, so having an eye for creating beautiful imagery comes naturally to me. I shoot in a way that captures natural, candid moments that may go unnoticed during the excitement of the day. I edit with a timeless look that prioritizes skin tones of all shades, and I use light and shadow to give a moody look while preserving color.

I regularly put myself in front of a camera to better understand how it feels. That's why I do my best to make you feel relaxed, have fun, and remind you how beautiful you are.

INVESTMENT

*your memories are worth
capturing*

Booking the right photographer is one of the first things you want to have in mind. Your day can feel like it passes by quickly, both because you're having fun and based on the events of the day. Your photos are the reminder of how beautiful it was and how much love was present for years after your day. I have the pleasure of being with you from start to finish, capturing the most intimate and meaningful moments. That requires planning, communication, and attention to detail to help your day go as you envision it. Your photographer often doubles as a coordinator on your day, and makes sure things run smoothly even if it's not 100% according to plan. I come prepared to tackle anything with grace, from weather changes to spontaneous change of plans, so you can relax and know I've got you covered. What's most important is highlighting the love between you and your partner, your families, and friends.

ENGAGEMENT

*expert advice for a
carefree engagement session*

Engagement sessions are often the first time couples have worked with a professional photographer. It's totally normal to feel a little nervous about it, but I'm here to help dispel that feeling! It's actually quite fun, and more like a date where I'm third wheeling it with you. Before the session I'll give you some tips on what to wear if you're unsure. I've got plenty of location suggestions for you as well, and always take into consideration your preferences. During the session I guide you through a mix of action-based poses, from sweet and romantic to playful and fun, to let your personalities and dynamic shine. It's more of a focus on things you already do together, such as making each other laugh or cuddling in close, rather than feeling stiff and self-conscious. Outfit changes are welcome, and I always ask for consent if your hair or clothes need to be adjusted. After the session you have the option to pick the final edits, or to let me choose.

LOVE NOTES

*my incredible clients share
their experience with me*

Experience is everything, especially on a day as important as your wedding or elopement. That's why it's in the front of my mind every time I work with clients. There are many talented photographers out there, but to me it's just as important (if not more) that you have fun. Taking your photos is always a customized experience, and I go with the flow of your energy. I'm not here to force anything that's not natural to you, only to enhance how you already are and showcase you in your best light. I've been blessed to work with amazing couples, and I'm so glad their experiences reflect the approach I take and the passion I have for my work.

Jordan + Dania

My jaw dropped when Lauren sent our sneak peek pictures the day after the wedding. Absolutely stunning photos! We were in love. Lauren is so kind. Easy to work with. We never felt awkward. She gave us a lot of direction and had lots of creative shots. It was a very fun shoot. Don't hesitate to book her!

Josh + Tyler

Lauren was AMAZING. I can't think of a better person to photograph a wedding. Her shots are so beautiful and creative, and she really made herself a part of our wedding. Highly recommend booking her for all your photography needs!

Marco + Karin

Lauren did our engagement/engagement party shoot and our pictures turned out BEAUTIFUL. She took time to get to know us as a couple before the shoot so she could capture photos that resemble us and our relationship which we appreciated so much. Lauren arrived right on time and we followed the timeline (that she provided us) to a T! She also threw in a couple surprises in the teaser album but you'll have to book with her to find out what it is ;)

Thank you Lauren, you exceeded our expectations! ❤️ 100/10

Ram + Kaitlyn

Lauren and her assistant did a BEAUTIFUL job! She is always professional, flexible, patient, and OH SO talented at what she does! Her work only gets better and better and I knew I wanted her to photograph this special day! I'm overjoyed with how the images came out and if there was a 6 star option on Google reviews you know I would give it to her!!!
